

Annual Report AY2022-23

Greenfield Public School

Jakkur, Bangalore-560064

Greenfield is about children and young people, their learning, their needs, and being there for them when they are challenged.

We are about the whole child. We are a school which is child centered. And so, all our effort, our work and our endeavours revolve around the achievement of each student's potential, academically, physically, socially and emotionally.

We have the highest expectations for each young person in our care and, as such, it is our responsibility to do our utmost to ensure that that is exactly what each of them realizes.

We therefore work very hard to ensure that our school is a safe and happy space for each child. This is so important because the happy child is the child who learns and succeeds best.

We are also known to be a parent friendly school. We would like to acknowledge the role of our dear parents and their support to help us to cater to the needs of their children who are the future of our country.

Presentation of the school report is an enduring tradition to take time to pause, turn around, and to look at the fruitful year gone by. A year in which we have achieved both the expected and the unexpected, while setting various milestones and then synergizing ourselves to move ahead to face the challenges in the coming year.

Keeping ourselves up with the pace of the modern world, digitization of the school was undertaken with the onset of Covid 19.

This transformed the entire school core channels through the intense use of Information Technology, bringing in more transparency and enhanced communication with parents and the school community.

We are proud to share that we are now a Cart Blanc Digital Showcase School with Microsoft. 80% of our teachers are Certified Microsoft Innovative Educator and 5 teachers are Certified Microsoft Innovative Educator Experts.

60 of our teachers underwent a training at an Educational Summit 2022 called Vasudhaiva Kutumbakam, to be able to emerge as nation builders and all these teachers were awarded the "**Gen Emissary Award**".

The Principal was awarded the "Change Maker Award" for inspiring other school leaders to follow the path in digital transformation in education so all of us together could become future ready.

We are able to keep up high standards only because we ensure our teachers receive regular Professional Development opportunities provided by the management.

We are indeed very proud to announce that Greenfield Public School has been awarded for **Excellence in Facilitating Extra Curricular and Sports Education Programmes** on 23rd November 2022 at the Eldrock India K-12 Summit.

Our 2022 - 23 school year has been packed with scholastic and co-scholastic activities. Students of Grade 9 took part in the Reva Genesis Exhibition and Quiz Competition conducted by Reva PU College, Yelahanka on 5th November, 2022. The event provided a platform to showcase the role of Science and Technology. More than

150 students from various schools took part in the event. Greenfield was represented by 7 teams with 3 students in each team. They exhibited their models in the field of Science, Arts and Commerce. Our team comprising of Grade 9 students bagged the 3rd Place with a cash prize of Rs. 5000/- , A trophy and certificates.

Among the 30 teams who took part in the Quiz competition, Team Greenfield of Grade 9 bagged the 2nd place in Science and Technology Quiz.

A very proud moment indeed for GPS to win accolades in both the Exhibition and Quiz competition. It was a wonderful learning experience for all the students who took part in the event.

In our endeavor to better prepare our students for the world outside the safety net of the school, a seminar for students of the high school was conducted on the topic **“The Unique Brain of Adolescents”** by **Dr. Shushma** a pediatric consultant, and Adolescent Health Specialist on 18th Nov, 2022. The workshop was conducted in two different sessions for boys and girls, topics covered in the workshop includes-

- The brain development in the pre frontal cortex and the limbic system
- The endocrine effects on the body and mind
- Hygiene
- Healthy relationships- in family / peers
- Nutrition and physical activity

It was a very informative session for students through which they were made aware of how to deal with their emotions, to love themselves, physical and cognitive changes they undergo and role of

healthy habits for the overall growth and development of young teenagers. This was well received by our students and much appreciated by the teaching staff.

On a different note - We are also proud to announce the successful hiking of our student Aadya Bennur of Grade 3 to the Mt.Everest Base Camp on 24th of June 2022. Aadya trekked 65 km of treacherous Himalayan terrain for eight long days to achieve this feat. Congratulations Aadya.

Moving on to SOF Olympiads, we are very pleased to announce that Tanakanti Yashwitha Sri of Grade 4 bagged the **First International Topper Medal for International Mathematics Olympiad** and the **Second International Topper Medal for International English Olympiad**.

31 of our students bagged medals of excellence and 16 of our children also bagged Medals of Distinction in the SOF Olympiad Examination

Our Under 13 Boys team also participated in the 6th Greenfield Zest Inter School Competition.

With this I end my Annual Report. But I would like to add to, all of you parents who give so freely and abundantly of your time and energy in the upbringing of your children, I offer my sincere appreciation and gratitude. You are by far the most engaged and enthusiastic bunch of parents I have endeavoured with, and Greenfield would not be what it is without your support and effective partnership with us.

Thank you and we look forward to your continued support.
